

FLANC

Foreign Language Association of Northern California

November 2006

Dear Foreign Language Educational Marketer:

The Spring issue of the **FLANC Newsletter** will be published in early March 2006.

As is our normal practice, the **Newsletter** will be mailed to our membership list of over 900 foreign language teachers throughout Northern California, from elementary to university level. In addition, we mail out over 300 Newsletters to publishing companies and other language associations.

Our Spring **FLANC Newsletter** will include information for our **FALL Conference in November, 2007, at San Francisco State University**. FLANC is proud to continue serving our Language Teachers!

Most importantly, our Newsletter has become must reading for foreign language teachers, as it contains many items of value to our members, refers them to many companies such as yours for their classroom and other needs, is multilingual, and is very informative.

The advertising reservation deadline for the Fall FLANC Newsletter is Friday, January 12, 2007.

We invite you to take advantage of this opportunity to be included in this issue that will reach our influential readership of foreign language teaching professionals.

Sinceramente,

J. Francisco Zermeño C.
Newsletter Editor
